

## Workshop on Purpose Driven Studies and Use of Hydrological Information System

A workshop on PDS & HIS was organized by Kerala State Groundwater Department on 26th February 2020 at Thiruvananthapuram under NHP. Dr. D.S.Suresh Babu, Scientist F, National Centre for Earth Science Studies inaugurated the workshop and delivered an insightful presentation on Submarine Groundwater Discharge Investigations along Kerala Coast. The aim of the workshop was to bring awareness about the Purpose Driven Studies. The workshop was attended by officials from Central Groundwater Board, Centre for Water Resource Development and Management, National Centre for Earth Science Studies, Kerala State Land Use Board and Irrigation Department of Kerala, Students and Research Scholars from various organizations. Overview of Hydrological Information System in Groundwater and use of high frequency water level data was presented by Sri. Tomas Scaria, Senior Hydrogeologist, Groundwater Department. All principal investigators of the Purpose Driven Studies presented their objectives of the work
